

WHAT IS FLYWHEEL, YOU ASK?

Flywheel is a collectively run, not-for-profit space that aims to build community and give artists of all types the opportunity to craft, practice, and perform their work in an environment where creativity is valued over profit. We re-opened in the late spring of 2010, and have local, national and international bands of all stripes stopping by every week!

VOLUNTEERING

Flywheel is always looking for volunteers who want to support the local music scene as part of our collective. We are always looking for great new people to join in the adventure as bookers and volunteers. Whatever your interest or time commitment, we are eager for your contribution. To volunteer, email volunteer@flywheelarts.org or attend a new member meeting, held the last Monday of every month.

BOOK FLYWHEEL

Interested in booking your favorite bands at Flywheel? Anyone from the community can become a Flywheel booker! To get started, attend a new member meeting and start volunteering. After a few weeks of training, you'll be able to book your own shows at Flywheel.

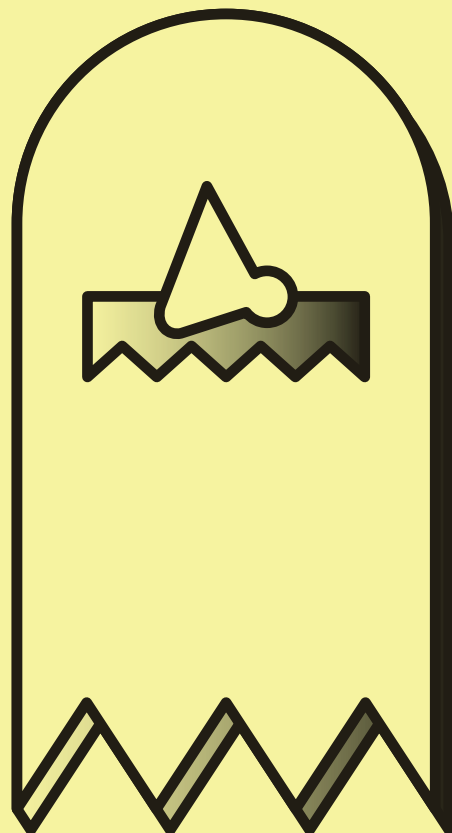

RENT FLYWHEEL
